MabeLuz

I was born in Argentina, South America....

In 1988, following the voice of my heart, I crossed the ocean and arrived in Italy with a great calling to get to know my origins....

And from then on, a deep journey, a spiral inwards into the soul, the heart and an expansion into totality...

In December 2000 I met Dana Tir – who I honour – Maestra, sister, friend, generous “lock keeper” who since then has been showing me and putting keys into my hands to open the doors that have changed my life.... : my first workshop on the Merkaba, , following the teachings of Drunvalo

Melchizedek, , a doorway to internal knowledge and my connection with the universe...

I met Drunvalo in Argentina in 2001 2001 when I took part in his seminar Earth and Sky ... there to discover and recognise myself from the heart

In 2002, once again Dana and the magic of synchronization, made it possible for me to travel to Uruguay, and to get to know the fantastic work of Peggy Phoenix Dubro and I trained as a Profesional in EMF Balancing Technique®. This was a unique experience for my soul and changed my whole life, giving me the most precious moments of expansion in my hearta before and an after....

From near two years, junto Dana Tir and I travelled through all of Argentina, from north to south, east to west kilometres and kilometres doing individual sessions, in couples, mothers and sons, brothers, friends, . An experience of love, honour and nurturing to all that we call Humanity!

In 2011, in the seminari called “Awakening the Illuminated Heart” de Drunvalo Melchizedek, , from the tiny space of my heart, I acknowledge EMF Balancing Technique® of Peggy Phoenix Dubro, as a sacred tool with which to fulfil my purpose to express my totality

And since then I follow my heart.... I go where the Universe shows as the way... wanting to share through the experience of my heart and all that I know, all the magic which comes from taking the reigns of our own personal energy and becoming an evolutionary human feeling with the mind and thinking with the heart ...

Thank you for sharing this journey with me
